

Advisory # **2018-A-014**

Subject: E2 Freight Elevator Access

From: Airport Development and Technical Services

Contact: Craig Rock, Craig.Rock@gtaa.com , 416-776-4140

Date: 2018/25/04

Please be advised that the freight elevator E2 located on the West end of Terminal 3 has been outfitted with a card-reader to prevent public from accessing and using this equipment. The elevator will only open and operate upon presentation of the security card and will home to the service level after the doors close. Access to this elevator will be restricted to operators that are handling and moving freight and equipment. Requests for access can be made through the Terminal 3 Manager of Operations.
