

Advisory # 2018-A-040

Subject: 12608 – Non-Passenger Vehicle Screening – Cargo West

From: Airport Planning and Technical Services

Contact: Julia Fillmore, Julia.fillmore@gtaa.com, 416-776-3022

Date: 2018-08-10

Please be advised of the following operational change which will commence on August 13th @ 9am. The permanent canopy will become operational and the temporary canopy will no longer be utilized. There are no other changes for accessing NPSv – Cargo West.

Traffic control measures exist at the front of the lanes. Red X – lane not in use, Flashing Red X – queue behind vehicle, Green Arrow – Proceed. RAICs will be validated prior to entering the CATSA Randomizing section where you will either be selected to be screened or to proceed through. If selected for screening, follow the red arrow markings to enter the building and exit the building by following the green arrow markings back to your vehicle.

In support of the ongoing construction activities for the Cargo West NPSV, Taxiway EB will be restricted to Code C aircraft and smaller under Tow with Wing Walkers only. The restrictions on Taxiway EB will be in place on the following dates:

- August 14: 0001-1200
- August 15: 0001-1200

The restrictions will be lifted at the end of each shift.
