Effective on Friday, August 31, 2018, beginning at 1600, Lounge E83 in T1 Hammerhead F will be available to support International outbound hardstand operations. With the opening of the new lounge, we will be adding 64 hold room seats.

**Note:** Once it is active, Lounge E83 will be given priority for T1 International Departures hardstand operations over Lounges E82 and E85.

Lounge E83 is on Level 1 (directly adjacent to the existing E84) and is associated with Bus Bay 26, which is located in the Pier F underpass near Hammerhead F. There is signage in place in Hammerhead F on Level 2 to direct passengers to Lounge E83.

Access to the Lounge from Level 2 in Hammerhead F is via the stairs FGST04 or one of two elevators, FGP09 or FGP10. See the maps below for the location and modes of access.
