

Advisory # **2018-A-051**

Subject: 12857 – East Apron Phase 1

From: Aviation Services

Contact: Dean Wright, dean.wright@gtaa.com (416) 776-4062

Date: 2018-10-18

Please be advised construction shall be commencing to build Phase 1 of the East Apron.

This Advisory outlines the general impact to the surrounding area for this project. In addition, details have been provided for specific upcoming construction activities that will impact nearby tenants.

PSL Fence Displacement and Adjustment to Vehicle Corridor

October 10, 2018 – January 31, 2019

- Existing PSL fence will be displaced to enable construction activities to be conducted groundside
- New vehicle corridor will be painted to maintain two-way traffic along the head of stand road for the H Gates
- Aircraft from Gate 247 will need to be pushed back tail south along taxilane 12 towards the east-west taxilane
- All tows, to and from gate 247, are required to have wing walkers in place, due to the proximity to the fence line

- Refer to sketch illustrating vehicle access routes below:
