Date: 2018-11-02

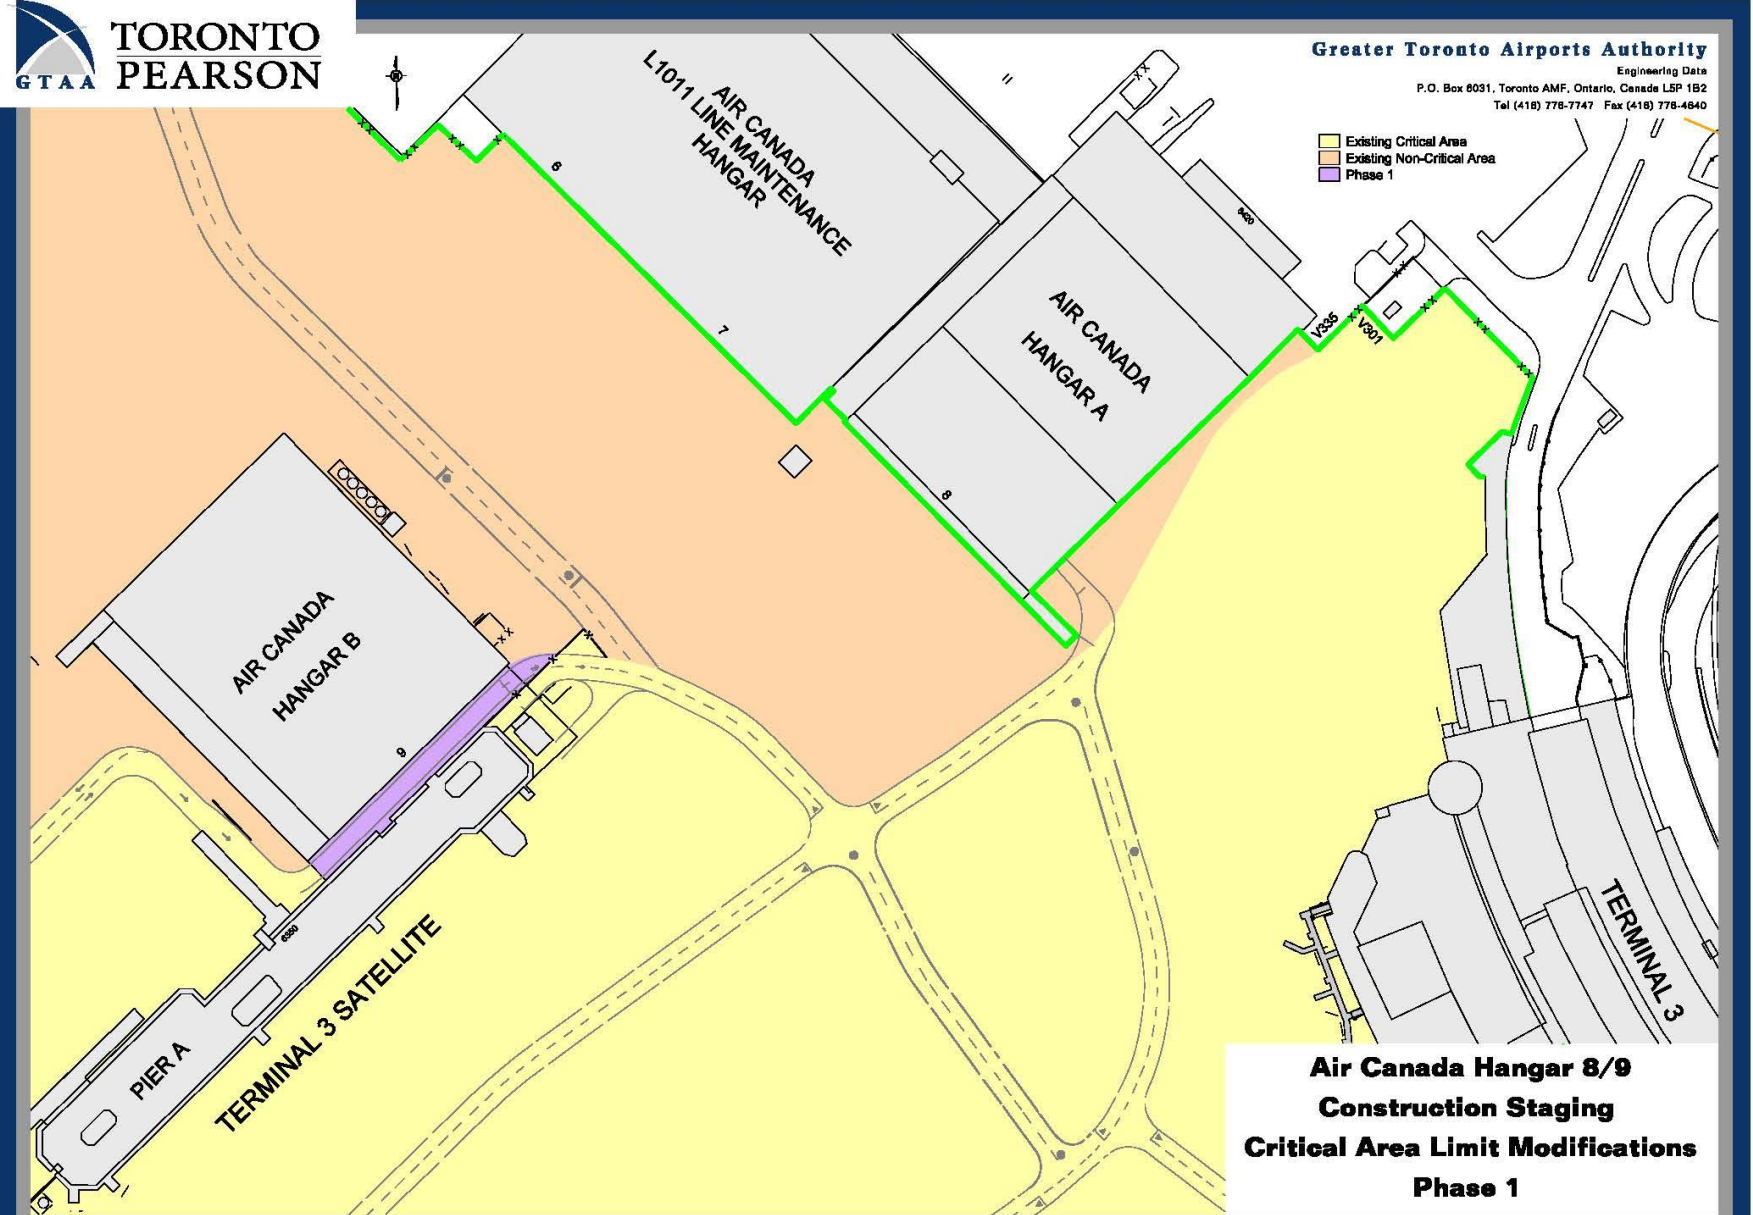

Effective November 3, 2018, enabling work required for the demolition of Air Canada Hangar Bay 8 (aka Hangar A) will commence and remain in effect until the end of the year. The first phase of this work will result in a closure of the Pier A north vehicle corridor between Pier A and Air Canada Hangar Bay 9 (aka Hangar B). This corridor will be closed for three weeks. Vehicles accessing Pier A and Terminal 3 will be required to use the vehicle corridors on the west and south sides of Pier A.

To allow the Pier A loading dock and garbage compactor to remain accessible, the critical restricted area will be modified per the attached drawing.

Additional advisories will be issued for phases 2 and 3.
