

Advisory # **2018-A-071**

Subject: Air Canada Bay 8 Demolition Enabling Works – Phase 3

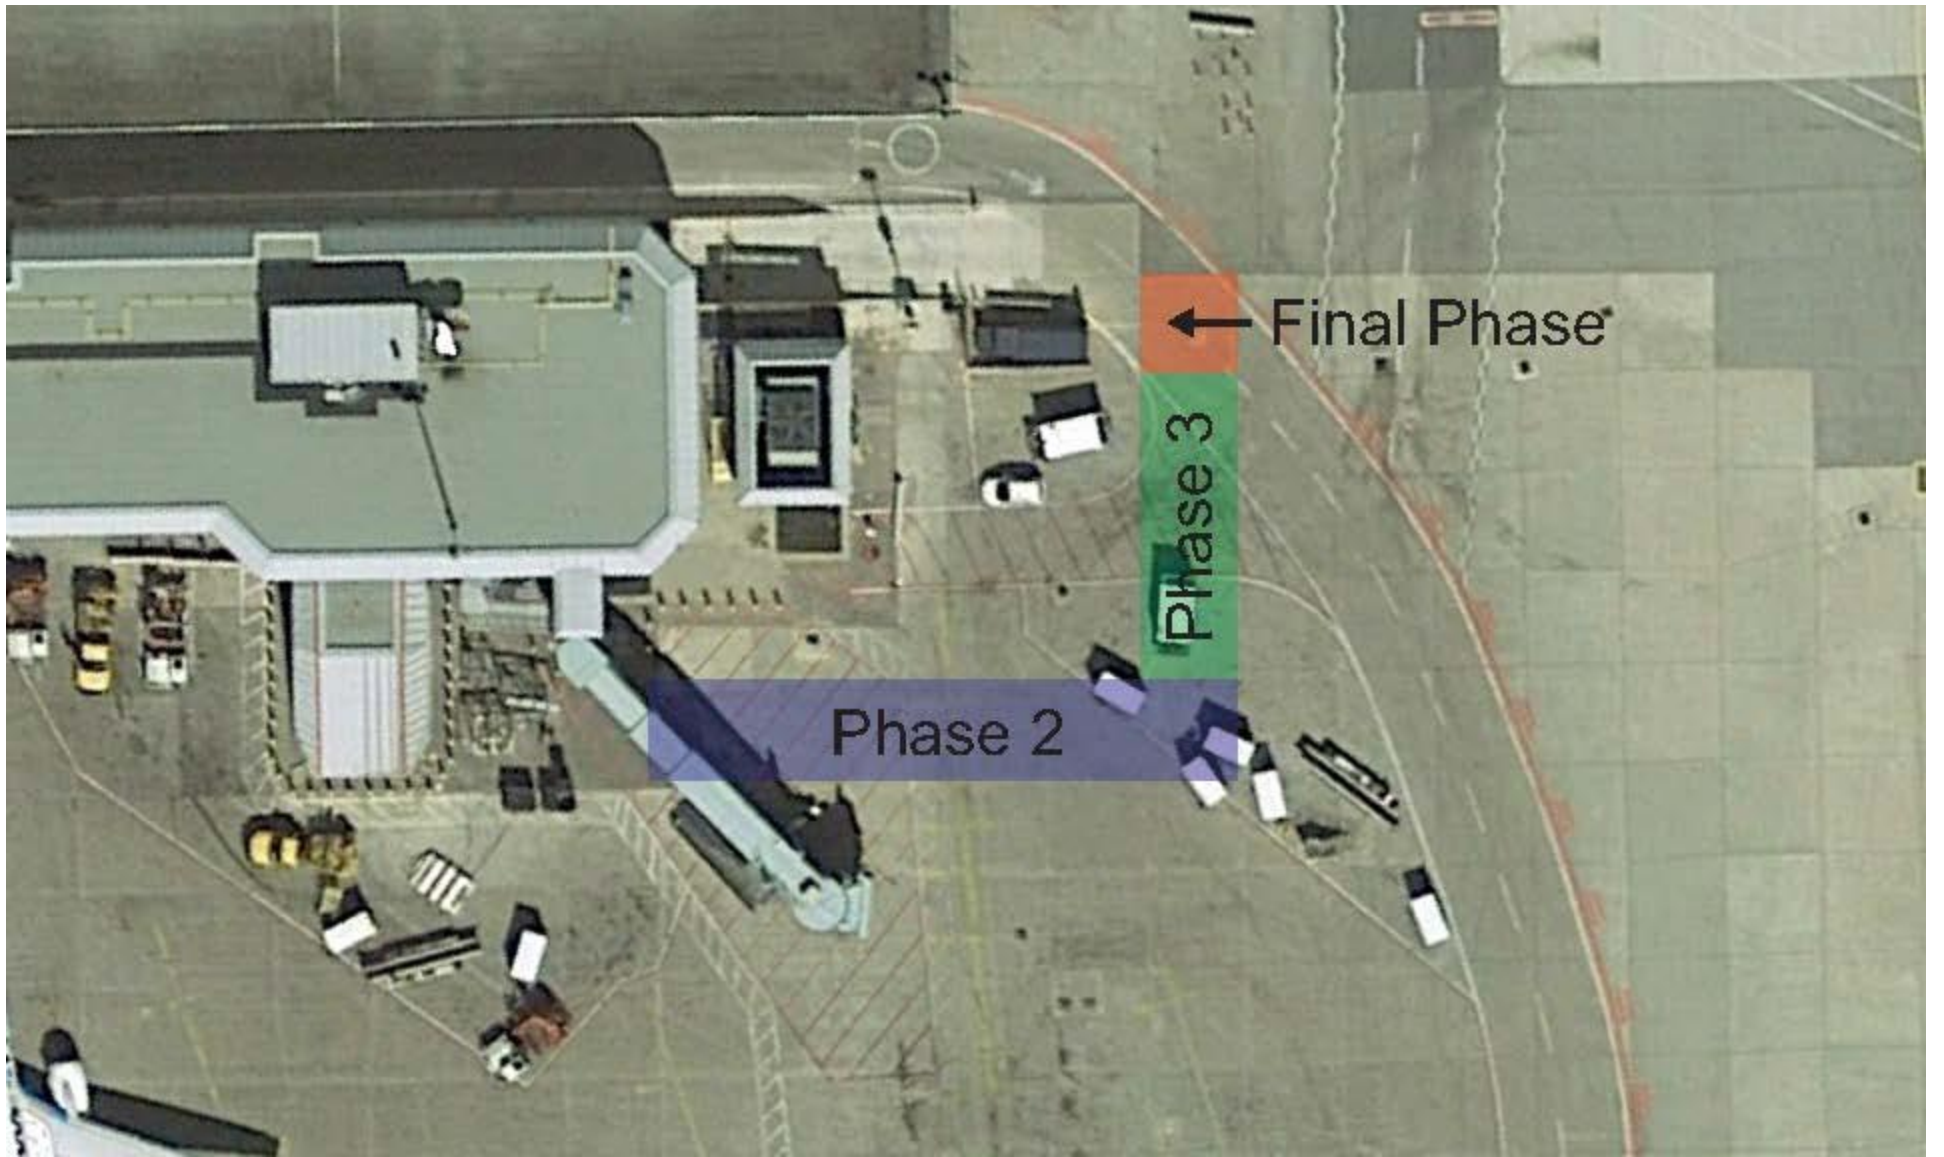

From: AVS Real Estate

Contact: Joseph Fischetti, Manager, Airside Property Leasing and Development,
(416) 776-5818

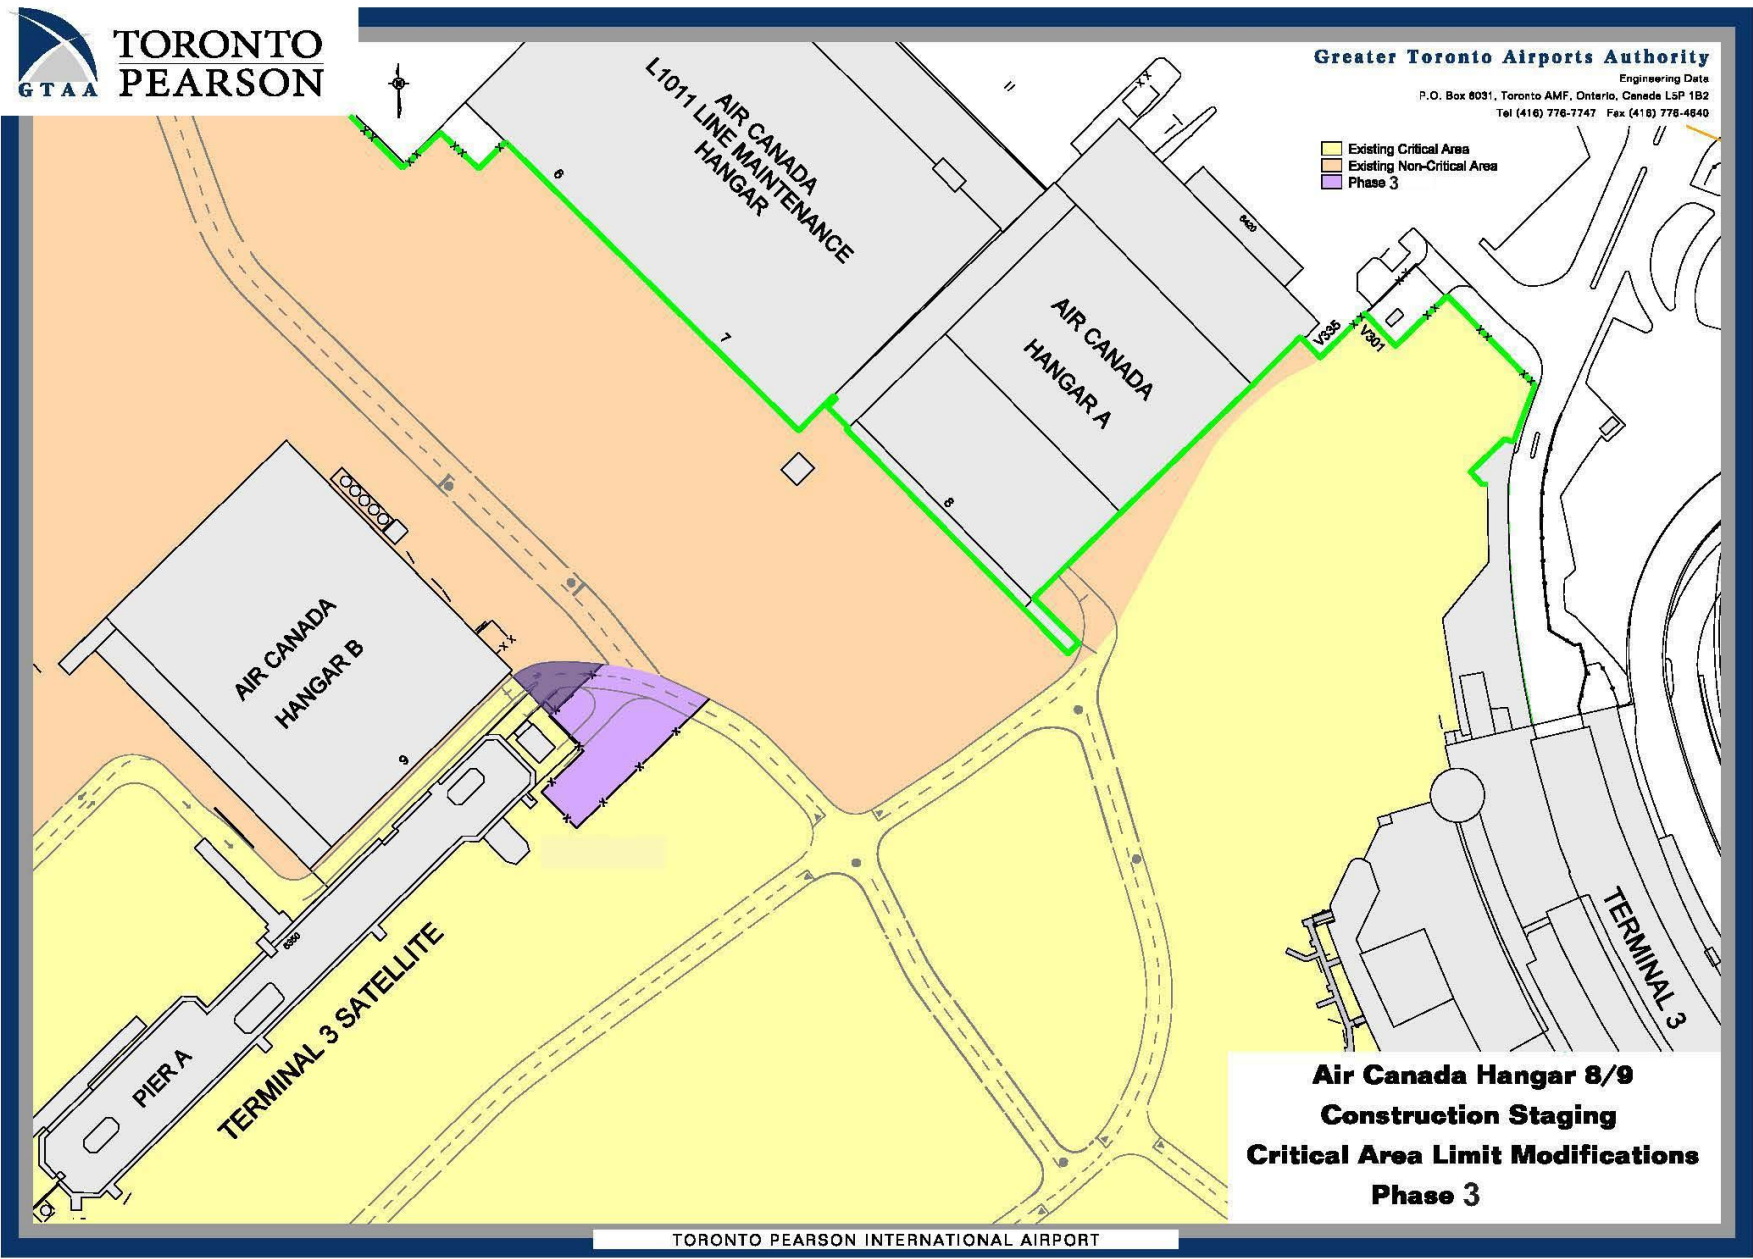

Date: 2018-12-07

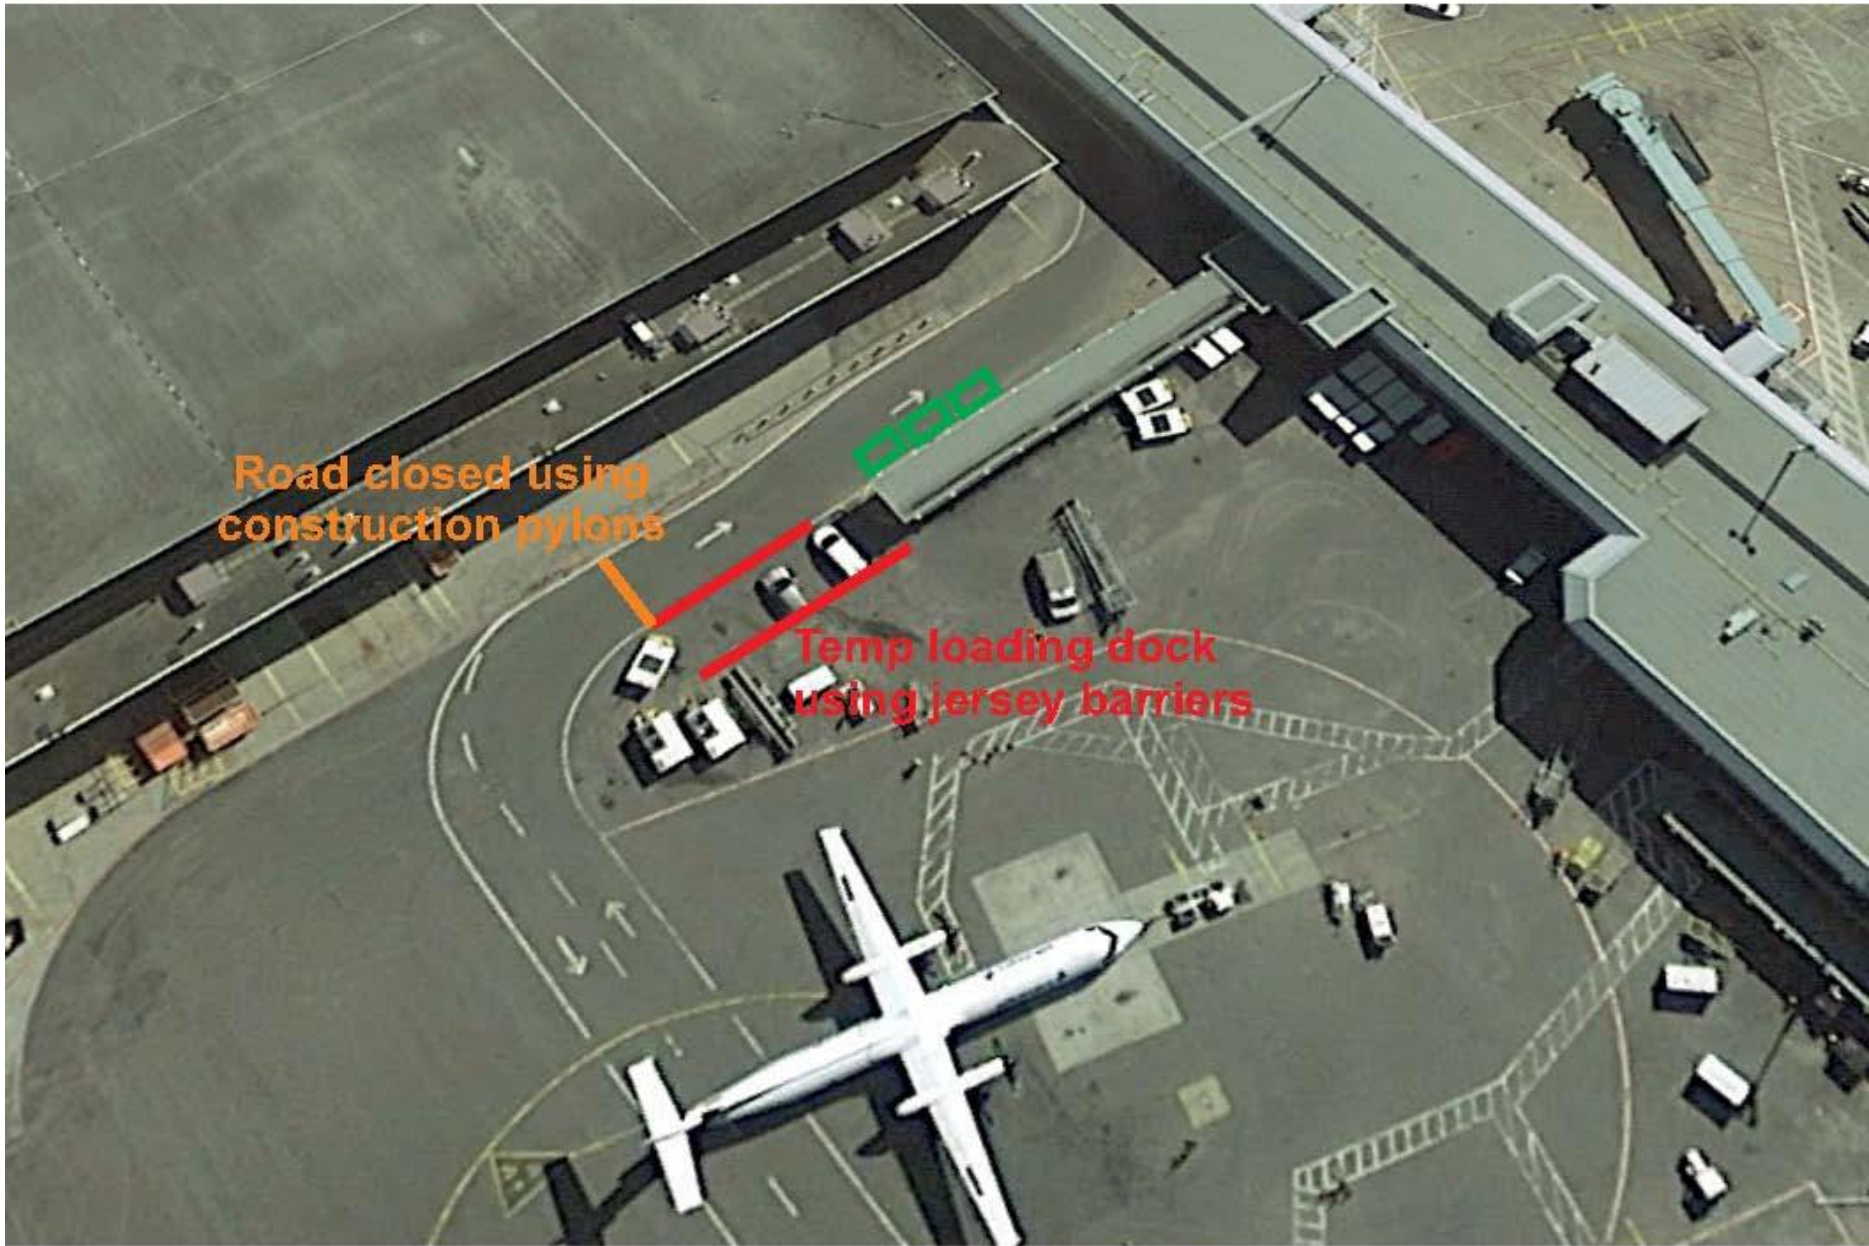

The final phase of Air Canada's Bay 8 Enabling work (shown in orange below) is scheduled to commence on December 12, 2018 and will be complete no later than December 19, 2018. The work site for this phase will be moved outside of the critical area to allow the construction to be completed as quickly as possible.

During this time, the north vehicle corridor between Pier A and Air Canada Hangar Bay 9 (aka Hangar B) will be closed. The Pier A loading dock and garbage compactor will not be accessible. A temporary loading dock will be set up at the Bus Bay on the north side of Pier A. Garbage bins will be placed in this area as well.

- Existing Critical Area
