

Advisory #2019-A-029

**Subject: Temporary Closure of Terminal 1 International NPS-T**

**From:** Customer and Terminal Services

**Contact:** Danielle Sharp, [Danielle.Sharp@gtaa.com](mailto:Danielle.Sharp@gtaa.com), 416-580-9057

**Date:** 2019-07-22

The Terminal 1 International Non Passenger Screening Point (NPS) will be closed on Tuesday 23 July at 2200hrs and will re-open Wednesday 24 July at 0400hrs due to urgent project work in the ceiling.

During the closure, employees will be able to access the international sector via lane 7 (usually the family/assistance lane) at the Terminal 1 International Pre-Board Screening Point (PBS).

Lane 7 will be operating with PBS rules (full screening) and employees are reminded that this means all liquids, creams, gels and pastes must be under 100ml. Operating flight crew in uniform are permitted excess LAGs, as per the regulation.

Temporary pass issuance will be relocated to FC2070a (level 2 administration hallway) during this time.

Below is a drawing of the Terminal 1 International PBS that outlines where the route employees are to follow to access lane 7:
