

Advisory # **2019-A-044**

Subject: Terminal 3 Escalator H18 and H19

From: Customer & Terminal Services

Contact: Amaury Godin, Amaury.godin@gtaa.com, 416-776-9649

Date: 2019-09-16

The GTAA Airport Development and Technical Services department capital program continues to improve the reliability of People Moving Devices (PMDs) throughout Toronto Pearson International Airport.

The next escalator to be upgraded in Terminal 3 is escalator H18, which provides service from the Sheraton bridge to the T3 Departures hall. This escalator will be removed from service on **September 30th, 2019** with an expected return to service date of **November 30th, 2019**. During this period passengers/employees can access Terminal 3 via the stairwell accessible through door HN352 or Elevators H20/21 (See drawing below). Escalator H19 will continue to run in the up direction providing access to the APM station and the Sheraton hotel. Furthermore, as a result of this work the crosswalk to the Sheraton Hotel on the departures level will be closed and all passenger traffic will be routed via the Sheraton Bridge.

If have any questions, please do not hesitate to contact Hossana Ashagrie at 416-776-3487.
