

Advisory # **2019-A-057**

Subject: Airside Activity Requests & Crane Requests

From: Airside Coordination, Aviation Services

Contact: John Sharp, john.sharp@gtaa.com, 416-776-3636

Date: 2019-11-05

Please be advised that in order to successfully support the migration from AMMS Whiteboard to Maximo, the Airside Coordination department will be receiving but will not be processing airside activity or crane requests between Friday, November 8th and Tuesday, November 12th.

Any emergency closures required during this timeframe should be directed to the Aviation Services, Manager of Operations at 416-776-1102.

Normal processing of airside activity and crane requests will resume on Wednesday, November 13th. Non-emergency requests received between November 8th and November 12th will be processed as soon as possible.
