

Advisory # 2020-A-005

**Subject: Terminal 3 Gate C26 Geotechnical Borehole Drilling**

**From:** Aviation Services

**Contact:** Michael DeBoer, [Michael.DeBoer@gtaa.com](mailto:Michael.DeBoer@gtaa.com), 647-544-3843

**Date:** January 22, 2020

Please be advised that due to borehole drilling set up at Terminal 3, the bussing turning radius east of airside Gate C26 will be slightly adjusted from January 24th starting at 2200L until January 28th at 0600L.

To provide additional radius, the existing "**No Parking**" area will be enlarged as shown on sketch:
