

Advisory # **2020-A-034**

Subject: Runway 15L/33R Closure

From: Aviation Services

Contact: Elise Fullerton, elise.fullerton@gtaa.com, 416-776-5774

Date: 2020-05-22

Runway 15L/33R will be closed for thirteen weeks (13) commencing May 25th, 2020 @ 00:01L. This will facilitate a full restoration of the Runway including civil and electrical improvements.

This work will be performed in phases from North to South (15L end to 33R). Phasing will keep key Taxiway crossing points open providing aircraft access to and from the Terminals and Infield facilities.

The work will impact the intersection of Runways 15L/33R and 05/23 during the overnight and early morning periods. As a result, Runway 05/23 will be restricted to departures only for 9 weeks. Prior permission will be required during construction hours 00:01-10:59 with a 4-hour recall. All requests to be submitted to the Airport Duty Manager at 416-776-3030.

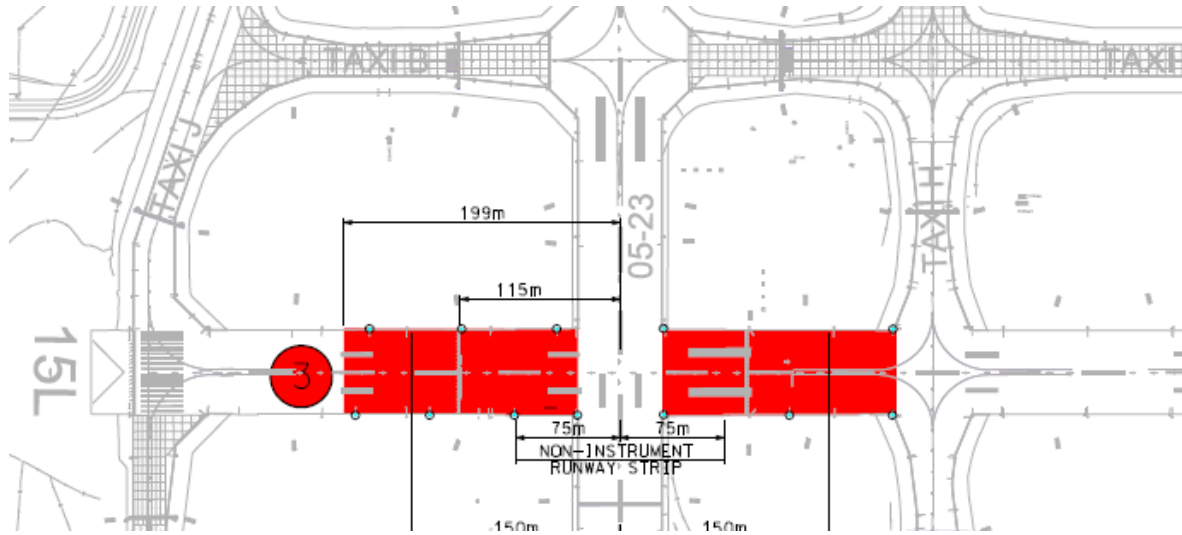

This work is in conjunction with the rehabilitation work on Taxiway Hotel, reference Advisory # G02-2020-A-035.

Please consult NOTAMS for work related to the Runway 15L/33R and 05/23 intersection, times and availability.

Runway 15L/33R – North to South work phases

Intersection of Runways 15L-33R and 05-23

If you have any questions or concerns regarding this work, please contact Elise Fullerton, elise.fullerton@gtaa.com.
