As part of maintaining a safe and healthy airport environment the South Bridge, providing access between Terminal 1 Level 2 and Terminal 1 Parking Garage Level 4 and Level 5, will be temporarily closed to ALL employees and public. Use of the South Bridge is restricted to emergency egress only or to conduct maintenance of equipment on and within the bridge. This full closure will be in place effective September 16, 2020 and will continue until further notice.

Unauthorized use of the South Bridge, or any door identified as not to be used, will be considered a failure to comply with the GTAA Rules and Policies and may result in the GTAA pursuing any remedies available to it, including removal from the Airport, or the suspension or termination of the RAIC/Keycard, or both.

All access to and from the Terminal 1 Parking Garage shall be via the West Bridge.
