In order to accommodate the installation of a new video wall; access to the escalators G10 and G11, which lead to the domestic baggage hall, as well as access to door G214, which leads to the public area, will not be available between the hours of 2230-0600 from January 18<sup>th</sup> until March 31<sup>st</sup>.

During these hours passengers and employees will be required to use egress door J278 which is located between Central Security and Tim Hortons (see drawing below) to gain access to the public area and the domestic baggage hall. Wayfinding will be deployed nightly to direct passengers to the baggage hall during the closure.

Please note that elevators G14 and G15, which provide access to the domestic baggage hall, will always be available and are not impacted by the construction.
