

Advisory # 2021-A-013

Subject: Non-Passenger Screening - Vehicles

From: Governance, Corporate Safety and Security

Contact: Bryan Scott, bryan.scott@gtaa.com, 416-776-3567

Date: 2021-04-08

Transport Canada and the Canadian Air Transport Security Authority (CATSA) are enhancing the security screening of vehicles, occupants and items entering the airport restricted area that is critical. The change will occur April 13, 2021, at all active Non-Passenger Screening – Vehicle (NPS-V) access points.

The enhancement is to increase the number of vehicles being identified for screening. There is no change to the existing security screening processes, including temperature checks.

The operation and impact at the NPS-V access points will be monitored by CATSA and the GTAA.

Wait times may be longer, so please consider this when planning when planning your arrival at the NPS-V access point.

Thank you and stay safe.
