**Date:** 2021-06-16

As a result of the reduction in apron traffic, effective the week of June 21<sup>st</sup> to June 25th, Code C Apron Taxilanes 11, 12, 13, 14 and associated markings will be removed, and Code E Apron Taxilanes **11E** and **13E** only, will remain (as per the attached diagram). As apron traffic increases, apron taxilane requirements will be reviewed and adjusted if and when required, taking into consideration the future expansion of Pier G.

If you have any questions, please contact the above.
