

Advisory # 2021-A-050

Subject- Closure of stair FDST03 in Terminal One Transborder Area

From: Airport Operations

Contact: Paul Schenk, paul.schenk@gtaa.com, 416-776-3471

Date: 2021-10-14

As part of the ongoing Sectorization work within the Terminal One Transborder outbound flow, there is a requirement to install scaffolding on staircase FDST03. Access from level 3 to level 2 will be maintained using the adjacent escalator (FDW01) and the three recently installed elevators (FCP14/15/16). Installation of the scaffolding will commence on Thursday, October 14 and is scheduled for removal on November 11, 2021. This work is required to ensure safe operations for both the construction project and passengers. Please see drawing below denoting the area of work.
