

Advisory # **2022-A-022**

Subject: We're opening our doors!

As of June 20, 2022 Our Terminal is Opened to The Public

From: Governance, Corporate Safety and Security

On Monday, June 20, 2022 for the first time in two years both Terminals 1 and 3 will be opened back up to the public looking to welcome back their loved ones or send them off on a fun adventure. After more than two years, it will be a big change, and a positive step in our recovery.

If you are working in the terminals, you will notice some changes: All terminal doors will be open, with security guards located at the bridges and some doors. They will be focused on mask compliance as anyone entering the terminals will still be required to wear their masks.

Thank you to everyone who has worked together to make our terminals a safe place for our passengers and employees.
