

Advisory # G02-2022-A-063

Central Workshops Fuel Station – Temporary Closure

From: Airport Development and Technical Services - Engineering, Architecture & Construction

Contact: Massimo Circelli, massimo.circelli@gtaa.com, 416-346-3654

Date: 2022-11-28

The fuel station island at Central Workshops is undergoing rehabilitation. The concrete island, vehicle pads, bollards, light pole and base are being replaced. As a result, this fuel station will be **unavailable from October 24th – December 9th**. Vehicles requiring fueling can utilize the **airside** fueling station at the Airfield Maintenance Facility (AMF).
