

Advisory # **2023-A-037**

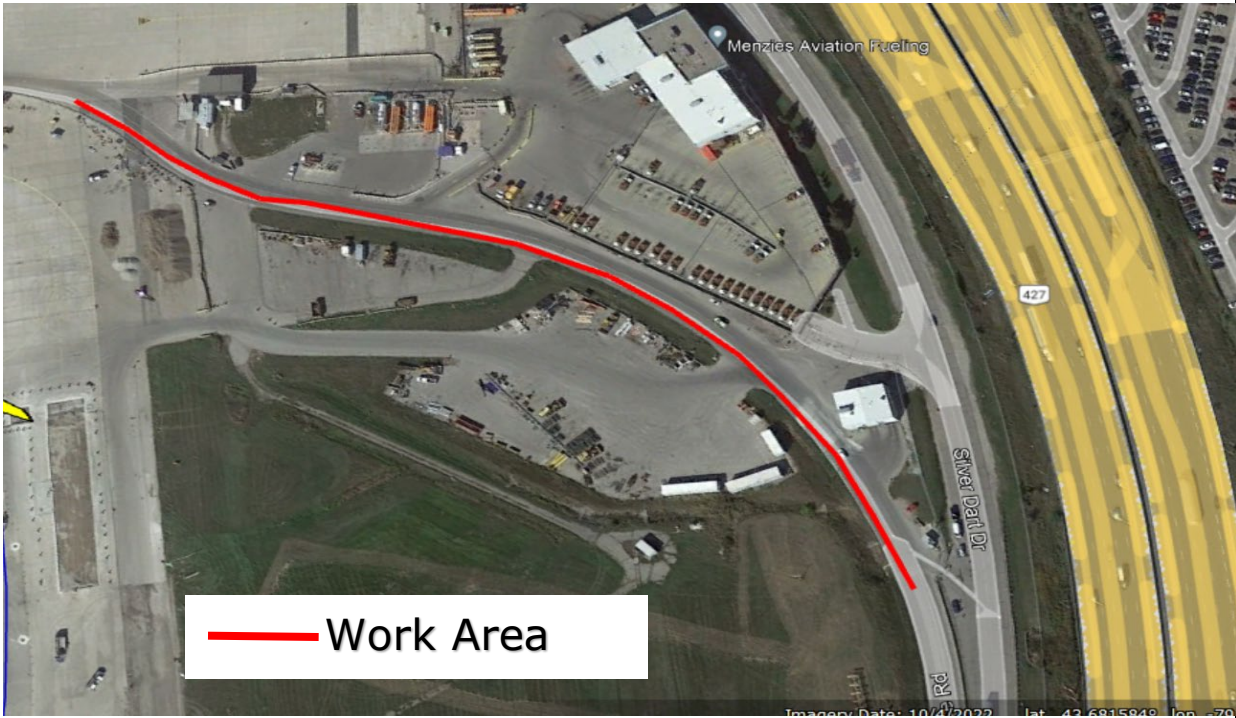

Subject: South Service Road Rehabilitation (PIFFC Building to Gate V313A)

From: Airport Operations

Contact: Derek Petrongolo; derek.petrongolo@gtaa.com; 416-688-2737

Date: 2023-10-30

A 450 Meter length of the South Service Road between the PIFFC building and Gate V313A will be repaved for a period of two (4) days November 1st-4th, scheduled to return November 5th, 2023 (start of day). Crews will be working with traffic control personnel, and keeping a single lane open at all times. Priority will be given to traffic transiting to the terminal building and/or any back up in traffic. (See attached map)
