

Advisory # G02-2023-A-044

**Subject: EBS Construction – Holiday Schedule**

**From:** Airport Development & Construction

**Contact:** Jonathon Fusco, Project Manager; [Jonathon.Fusco@gtaa.com](mailto:Jonathon.Fusco@gtaa.com); 647-717-5323

**Date:** 2023-12-05

Further to previous communications, construction of our new Early Baggage Storage facility is underway at gate C37 / 37A which necessitated interruptions of laterals and roll-up doors in the immediate area. Recognizing our baggage system requires additional capacity for the holiday season, the following changes will take place:

Effective December 16<sup>th</sup>

- LC 18 - 21 – Restored for full usage, drive-thru available via roll-up doors to Head of Stand Rd
- LC 22 – 25 – Restored for full usage, drive-thru will not be available, back-in only.

No Change

- Gate C37A / C37 - Remains closed
- Laterals 16 and 17 – Remains half closure (no Drive-Thru to Head of Stand Rd)

Effective January 8<sup>th</sup>

- LC 16, 17 and 18 – Half closed, drive-thru will not be available, back-in only
- LC 19, 20 and 21 – Available for full usage, drive-thru will not be available, back-in only
- LC 22, 23, 24 and 25 – Fully closed

Additional communications regarding further scheduled activities will be shared in early January.

If you have any questions, please contact:
