

Directive # 2024-D-005

Freight Elevator training and utilization at Toronto Pearson

From: ADTS & Airport Operations

Contact: Alan Clarke, alan.clarke@gtaa.com, Stacey Petris, stacey.petris@gtaa.com

Date of Issue: 2024-03-28

Effective Date: 2024-07-01

Purpose: The purpose of this Directive is to advise the Toronto Pearson employee community that freight elevators can only be operated by individuals who have received Freight Elevator Training and that the Freight Elevators are only to be used to transport merchandise, product and/or equipment.

Background:

The GTAA follows and enforces provincial elevating device regulations which clearly stipulate that all freight elevator operators be trained to a certain standard. All employers who have employees using freight elevators are responsible for ensuring they receive appropriate training.

Expected Action:

Effective July 1st, 2024, Employers are advised that Employees/Contractors who have not received Freight Elevator training will no longer have access to any freight elevators. The GTAA will begin offering Freight Elevator Operator Training on a limited time basis from April 1st until June 30th, 2024. (See attached schedule). Employers are requested to sign up your employees for training sessions as soon as possible as classes may fill up; please contact Marc Levis at 705-627-8055 or via e-mail at marc@ediselevator.com to register.

After June 30th, 2024 all employers will be responsible for arranging and for the cost of this training.

Janik Reigate
 Senior Director, Passenger Operations

Mark Regimbald
 Senior Director, Maintenance

Freight Training Classes Schedule			
DATE	1ST SESSION (1HR)	2ND SESSION (1HR)	LOCATION
