The annual update of the Airport Emergency Plan (AEP) along with updates of the associated emergency response plans is now complete. In addition, the release of the new Aircraft Recovery Plan (ARP) is included.

**External stakeholders** will not receive a hardcopy this year. Instead, a separate correspondence from the OCEMP department will be issued containing an external secure link, via Adobe Sign in mid-April to access the documents.

**GTAA employees** can access the documents via the links below:

[Airport Emergency Plan \(AEP\)](#)

[Communicable Disease Plan](#)

[Facility Control Measures and Evacuation Plan](#)

[Uninjured Passenger and Family/Friends Gathering Areas Protocol](#)

[Aircraft Recovery Plan \(ARP\)](#)

Please ensure that you and your teams are familiar with all of the plans and protocol, so that they can respond effectively should the need arise.

This a reminder that every person employed at Toronto Pearson is required to complete the [Facility Control Measures and Evacuation Plan Course](#), *annually*, as per the National Fire Code. *The course is not compatible with Internet Explorer.*
