

## 2023 Eye on Safety Awards Ceremony

The annual Eye on Safety (EOS) Awards Ceremony shines a spotlight on our Safety Champions across the Toronto Pearson Airport community and supports our vision of zero injuries.

All employees and organizations operating at YYZ are welcome to submit monthly nominations to acknowledge individual contributors and teams who demonstrate exemplary work in promoting health and safety work practices. The EOS Awards ceremony is an opportunity for all winners, nominees, leaders, stakeholders and event sponsors to celebrate the year's positive safety culture milestones.

The 2023 EOS Awards was our first in-person ceremony since 2019. This year the Greater Toronto Airport Authority (GTAA) honoured all award winners from 2021 to 2023 in these categories:

- Safety Champion
- Best Safety Initiative
- Safety Advocate
- Safety Project Champion
- Safety Leader
