# 2024 Priority Action Areas

- **Climate Ready Towers:** Empower property managers with integrated programs for decarbonization, climate resilience, enhancing property value, and boosting tenant satisfaction.
- **Corporate Flood and Heat Risk Management:** Provide building owners & managers with landscape plans, stormwater management analysis, training and incentives to implement flood and heat risk mitigation projects.
- **Fleet decarbonization:** Provide fleet managers & their teams with knowledge, resources & networks to decarbonize their fleets.
- **Circular Economy:** Reduce waste generation, divert waste from landfill and promote the circular economy.
