MAINTENANCE NOTICE

The Noise Management Office at Toronto Pearson publishes maintenance & construction notices for resident awareness of airfield maintenance and construction that could lead to increased usage of other runways. This is regular, scheduled maintenance that may consist of but is not limited to grass cutting, rubber removal, patching, electrical work, and line painting. This schedule is subject to change and unscheduled runway unavailability may occur.

RUNWAYS IMPACTED

No planned closures outside of the 2020 Capital Maintenance Program.

2020 CAPITAL MAINTENANCE

To learn more please visit our [2020 Capital Maintenance webpage](#).

Our preferential runway system is in effect during the nighttime hours of midnight to 06:30. Maintenance on those runways could mean increased use of other runways while work is underway.
