

## CENAC ACTION ITEMS FROM AUGUST 29, 2012

Action Item	Response	Status
1. R. Boehnke inquired about the follow-up to be done at the last CENAC meeting on the complaint process.	<p>The GTAA is in the process of upgrading the Airport Noise and Flight Track Monitoring System in the Noise Office. We anticipate this new system being in place and operating by Winter 2013.</p> <p>As part of implementing the new system, the GTAA will undertake an audit of the noise complaint process with the objective to refreshing and improving the auditability of the overall process, including removing the 2 hour rule.</p>	Ongoing
2. T. Rizzuto-Willan inquired if CENAC could receive updates on CC committee.	Will provide updates on CC.	Will be provided at CENAC meeting November 21, 2012.
<b>CENAC ACTION ITEMS FROM JUNE 6, 2012</b>		
Action Item	Response	Status
3. Undertake portable noise monitoring at McCallion's residence.	K. Bochan left message with T. McCallion to arrange date for site visit. No confirmation has been made.	Ongoing
